

## **NOTIFICATION**

### **SUMMER SEMESTER COURSES AND EXAMINATIONS AUGUST – 2012**

The summer courses pertaining to the subjects of odd and even semesters are offered from 1<sup>st</sup> July 2012 to 30<sup>th</sup> August 2012. The total number of working days of the summer semester will be half of the regular semesters. In this context, to facilitate completion of syllabus, the number of contact hours per week is doubled for summer courses (compared to the normal semester). Similarly, the schedule of examination will also have to be fit in 3 days only (instead of 6 days as in the normal semester).

It may be noted that, the total number of subjects from I to VIII semesters is quite large. The candidates who have failed in different semesters would register in the summer semester. It is practically impossible to have a time table for examination which can accommodate all the registered subjects of multiple semesters. Thus, a comprehensive time table for examination spread across 6 days (instead of 3 days) is made to accommodate all the subjects.

Those candidates willing to register for more than one subject will have to look into the summer semester examination time table. Candidates may register for subjects in the summer semester only if the subject does not clash with any other subjects in the examination time table.

However, in case of any clash, the candidates are informed to fill up and submit a form available in the Registrar Evaluation office before 30<sup>th</sup> June 2012. Submitting the form will not guarantee the accommodation of the Subject (in clash) in the time table. However, the forms thus received will be examined and feasible decision will be taken.

Please note that, a clash in a single subject can only be allowed for consideration.
